A PRACTICAL GUIDE TO MAKING BETTER MAPS

Cartography an introduction

Published on behalf of the British Cartographic Society in support of its Better Mapping campaign.

Covering the fundamentals of what actually works in map design, the new edition of our bestselling title has been updated and expanded to include sections on web mapping, thematic cartography, coordinate systems and datums.

Written by Giles Darkes, Cartographic Consultant.

Illustrated and published by Mary Spence MBE, one of the country’s leading cartographic practitioners.

Illustrated with over 250 maps and diagrams.

190mm x 225mm • 96pp • full colour • paperback

A must-have reference for mapmakers
