Social Media Team: User agreement

In order to maintain our agreed social media team voice each social media team user will agree to the following:

- I will not use the BCS platform to promote my own interests or company above any other.
- I will refer to the BCS Social Media Guidelines for assistance if needed and agree to abide by them. I will also implement and follow the Take Down Policy immediately if required. Both can be found on Terms page on website.
- I will endeavour to use a middle ground tone to my messages to keep the BCS professional but friendly and approachable.
